

YOUR LIFE
YOUR PASSION
YOUR IMPACT

Elevate the way you work and live
with HP premium products

THE BUSINESS LANDSCAPE is changing forever

Gone are workers shackled to their desks. In their place are empowered employees with the ability to work anytime, anywhere. Able to share ideas, be better informed and work in collaboration as people are brought together no matter how far apart they are. As barriers are falling, productivity is rising. Individuals are unlocking their true potential, unrestricted by old working practices and processes.

THE NEW WORKFORCE

Demographics in the workplace are changing. Half of the workforce will be "millennials" by 2020¹. Brought up with personal computers and internet as the norm, nowadays people don't just multitask but supertask. Workers are demanding ultra-cool, high-end devices which perform to their expectations, they don't see technology as a tool, it defines who they are.

ONE LIFE

Our personal and work lives are increasingly merging together. Workers are demanding more flexibility, working in their personal time, and taking care of personal business in their work hours. Nowadays work can be done anywhere: inside and outside the office. Work is no longer a place we go, but something we do. Times change, technology advances and work-life integration must become the norm for forward-thinking organizations to succeed.

This is One Life, and in HP we aim to design products that allow seamless transitions between work and life.

81%
say they do work activities during personal time²

YOUR HP PC IS THE PARTNER THAT MAKES IT POSSIBLE

DESIGN FOR THE WAY YOU WORK AND LIVE

Your HP EliteBook is the reflection of who you are. Make an impression and keep up with your everchanging needs.

COLLABORATION FOR CONNECTING AND CREATING

You need the ability to connect seamlessly -no matter who you're connecting with or how they want to reach you

SECURITY TO WORK SAFELY

You need protection for modern security threats that can impact you and your business, all with self-managed capabilities.

EMBRACE A NEW EXCITING BUSINESS WORLD WITH INTEL 8TH GENERATION INTEL® CORE™ VPRO™ PROCESSORS

The 8th Generation Intel® Core™ vPro™ processors offers breakthrough identity protection and security on the go, ideal for the growing number of users who see working out of the office as a necessity rather than a privilege.

Plus, long battery life of 8th gen Intel® Core™ vPro™ processor-based HP Premium devices, makes them perfect for working out and about, while a fast wake-up time to helps make the most of every moment. Providing the power to improve the way you work, together with vastly improved graphics, the HP Premium family also allows for advanced collaboration. Bringing people together like never before, while making your business more agile and responsive.

Energy efficient Quad-core based mobile Intel® 8th gen Core™ vPro™ cpu delivers up to 31% faster performance than 7th gen enabling wide range of mobile form factors³.

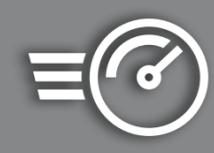

Gain up to **80%** better overall system performance with 8th Gen Intel Core vPro cpu (vs 4 year old PC)

DESIGNED TO ADDRESS BUSINESS NEEDS ACROSS FOUR PILLARS

SECURITY
Defend your business with hardware-enhanced security

PERFORMANCE
Reduce latency, enable multitasking, and boost performance

STABILITY
Manage endpoint lifecycle complexities

MANAGEABILITY
Get remote maintenance, wireless manageability, and out-of-band capabilities.

FOCUS ON MANAGING YOUR BUSINESS.
We manage your IT

Boost employee productivity and optimize your IT resources with HP Device as a Service (DaaS). Offload the time-consuming tasks of supporting, securing and managing multi-OS devices so you can focus on what moves your business forward. Reduce the complexity of purchasing with simple, flexible plans that make it easy to tailor to your specific business needs.

More than **60%** of IT Teams surveyed by IDC say their resources are drained by device management⁴.

HP DAAS:
IT SIMPLIFIED, RESOURCES MAXIMIZED

THE RIGHT DEVICE FOR THE JOB
Choose a device - regardless of OS - and accessory mix that's as unique as your business, with a wide selection of PCs, notebooks, and mobile devices. Our available plans include global support, next-business-day repair or replacement services, and accidental damage protection, so employees can work worry-free wherever they go⁵.

MANAGEMENT WITH INSIGHT
Improve device reliability and performance, increase user productivity, and reduce the workload for IT when HP puts its unified endpoint management expertise and actionable analytics⁶ to work for you. Analytics and actionable reports provide your organization with guidance to better manage your fleet and take proactive action.

FLEXIBILITY FOR YOUR BUSINESS
Don't pay for more than you use. Choose from simple but complete plans that adjust to meet your changing IT environment and workforce⁷.

END-TO-END LIFECYCLE SERVICES ON A GLOBAL SCALE
Our full portfolio of service options covers every phase of the device lifecycle -from start to finish- for HP devices and other brands.

OUR HP ELITEBOOK PCS ARE BUILT TO RESIST IN ANY CONDITIONS WHATEVER YOU DO

WHY ALUMINUM

Because we want your device to shine everyday like the first day.

By using aluminum, we ensure the premium look of our platforms as well as its durability.

Forget about the scratches and start enjoying every day from the precise feel and natural touch of your pc. Aluminum is an environment friendly material as it is 100 percent recyclable and retains its properties indefinitely.⁸

PERFECT FOR THE "FIX-IT-YOURSELF" TYPES

The EliteBook 800 G5 has been recently rated with an exceptional reparability score of 10 out of 10 by iFixit.com and are built with high-quality modularity to make repairs and upgrades easy.

CHECK OUT WHAT IFIXIT SAID IN ITS RECENT REPARABILITY REVIEW

"No wily tricks needed to replace a worn out battery, or to upgrade your RAM."

"Screws are labelled on the motherboard, cables are carefully annotated, and even card slots have reminders of what you just removed. Everything about this device says, HP cares."

EXCEPTIONAL DURABILITY

The HP Elite series has been tested for the worst, so it's always at its best.

EXTREME TESTING: MIL-STD-810G TESTS¹⁰

DROP	DUST
VIBRATION (CAT4)	SAND
VIBRATION (CAT24)	TEMP SHOCK
HIGH / LOW TEMP	HUMIDITY
FREEZE THAW	EXPLOSIVE ATMOSPHERE

120,000 HOURS OF HP TOTAL TEST PROCESS¹¹

83% say reliability and quality is #1 reason for selecting a particular PC Brand⁹

OUTSTANDING DESIGN for the way you work and live

Technology alone cannot achieve change. True innovation can only come through inspiring the individual by syncing their workplace with their work style. This is why we combine stunning performance with equally stunning design. By bringing function and form together in perfect harmony, we make a notebook that's so much more than simply a work tool. It becomes a part of everyday life.

OUR PREMIUM BRANDING

Our premium products are distinguished by stunning design, enhanced performance and superior materials. They are further distinguished by the progress mark, a forward looking logo, that is as sleek, sophisticated and seductive as the products themselves.

ULTRA-THIN BEZELS

Making the bezels on this device ultra-thin, we've been able to fit a full 13" display in a 12" chassis – so you get more visibility Gen over Gen, with the same size device¹².

ICONIC ELITE DESIGN

The sleek and stylish HP Elite Series feature diamond-cut accents on an iconic machined aluminum design accentuating its precision craftsmanship.

82% of IT Decision Makers feel that the technology employees carry is a reflection of our company. (HP Commercial Premium Research 2015).

CHOOSE THE FORMAT THAT SUITS YOUR NEEDS

360 degrees - Work, Present, Watch, Write - Zero compromise

CONTENT CREATION

CONTENT CONSUMPTION

TRADITIONAL NOTEBOOK

- Mainstream functionality
- More screen, more power
- Limited touch use cases, and no pen support
- Less need for portability

CONVERTIBLE NOTEBOOK

- True notebook experience
- New experiences and ways to engage, including pen and touch
- Less reliance on true tablet experience
- Will not lose the keyboard

DETACHABLE

- Highly portable/flexible
- Love the true tablet and pen experience
- Touch screen use cases increasingly common
- Love true tablet experience, but also need flexibility to use a keyboard like a notebook
- Lighter when no keyboard is needed

YOUR TABLET

- High mobility
- For when touch is enough, no keyboard needed
- 100% touch or pen interface
- Content consumption
- Mobilized workflows
- Less screen, less power

EXPRESS YOURSELF WITH A PEN EXPERIENCE

WRITE NATURALLY

Its pressure sensitivity and added Tilt detection make writing more nuanced.

ATTACH IT EASILY

Magnetic Attachment keeps your pen at the ready as you move.

ALWAYS WITH YOU

Receive digital alerts when the pen is too far from the PC, so you never leave it behind.

FORGET ABOUT BATTERIES

USB Type-C™ Chargeable. Charge it just 15 sec, and write for 100 mins!¹³

76% consider extended battery life as the most important feature when working on the go²⁰

ENHANCE YOUR VIEWING EXPERIENCE

62% work from more than one location¹⁴

OUTDOOR VIEWABLE DISPLAY

Step into the light with our 700 nits display

ANTI-GLARE TOUCH

50% reduction in glare: Reduce your eye strain and boost productivity

4K UHD

Superior resolution to make you live all you see

IPS

Better black level and wide viewing angle

AMBIENT LIGHT SENSOR

Automatically adjust brightness to maintain visibility¹⁵

ALWAYS ON

WORK LONGER

Battery Life
Up to 18hrs¹⁶
Long Life Battery
Your battery supports up to 1000 charge cycles for 3 years¹⁷.

CHARGE FASTER

HP Fast Charge
Half the battery in half an hour¹⁸.

STAY FAST

Faster, more reliable WiFi with the HP Connection Optimizer that helps auto-repair wireless drivers and connect you to the fastest WiFi access points.

STAY CONNECTED

Supports up to Cat9 4G LTE¹⁹. Place a SIM card into your PC and stay connected beyond the bounds of WiFi. On top you will get rid of unsecured or slow public hotspots.

AS ONLINE CALLS AND VIDEOCONFERENCING BECOME THE NORM, YOU CAN CONTROL THEM WITH EASE USING DEDICATED KEYS

HP PREMIUM COLLABORATION KEYBOARD

Premium collaboration. Engage team, clients and vendors with the high-performance HP Premium Collaboration Keyboard that allows you to launch calls and video chats on Skype for Business® at the touch of a button.

93% of consumers report using their mobile phones at work²²

TEXT AND CALL FROM YOUR PC ACROSS IOS AND ANDROID™ DEVICES

STAY CONNECTED TO WORK AND LIFE IN THE SIMPLEST WAY EVER

HP PHONEWISE²¹ LETS YOU

- Send & Receive messages with your PC keyboard
- Answer and make phone calls with your PC
- Get mobile notifications on your PC's desktop
- Control your Android™ phone from your PC

DON'T LET SLOW WI-FI PUT YOUR CONFERENCE CALLS ON HOLD

HP VELOCITY

HP Velocity improves data transfer rates caused by poor connection for smoother voice and video communication.

- Hang-up
- Answer

- Mute / Unmute

COLLABORATION
for connecting and creating

Collaboration is an absolute must for the modern worker. With laptop being the most frequent device used for meetings and collaboration (60% in-person meetings, 47% virtual meetings²³), it's important to provide all the necessary tools to ensure a smooth and productive experience.

65% of attendees encounter poor audio quality²⁴

AUDIO BY BANG&OLUFSEN

Audio by Bang & Olufsen delivers improved speech clarity for the ultimate conferencing experience.

HP Audio Boost balances loudness clarity and enhances bass for improved speech quality.

LOUDER THAN EVER

4 speakers with 4 discrete amps achieve 78 db sound – double the previous gen.

Low bass roll off (300 Hz) for rich, authentic sound – including better voice quality.

NOISE CANCELLATION

The World-facing microphone²⁵ located at the back of the display, removes unwanted sounds from the back of the panel when in individual mode. This enhances the existing noise cancellation software which applies industry-leading noise-filtering technology to all inbound and outbound audio, for effective online calls and meetings.

360 voice pick-up to enjoy from a better experience when in whole-room conference calls.

GO FURTHER IN COLLABORATION

BRING YOUR WHITEBOARD INTO THE DIGITAL AGE

Turn your dry-erase whiteboard into an online collaboration system and stream content live to meeting attendees anywhere in the world with HP ShareBoard. Don't need to care about capturing what you write, everything is captured and downloadable automatically.

HP ShareBoard

IMPROVE YOUR MEETING ROOM EXPERIENCE

A BIG SCREEN SHOWCASE FOR YOUR BEST BRAINSTORMING

Create a world-class conference space with this brilliant 55" diagonal display 4K with integrated speakers.

HP LD5512 4K UHD Conferencing Display

SIMPLIFY MEETINGS WITH STRESS-FREE SETUP, AN INTUITIVE INTERFACE, AND CRISP AUDIO

SIMPLE AS ABC

Collaboration will be fast and easy with capacitive one-touch control, LED light ring and the Skype Room System* interface, driven directly through the Center of Room Control.

CRISP CLEAR AUDIO

Isolate voices with advanced noise cancellation, 4 mics and 4 speakers for crystal clear communication. No more need to be close to the unit.

SECURE AND SCALABLE

Protect your PC with of HP Sure Start Gen2. The port cover is also here to prevent cables disconnection and leave the desk clean. Enjoy hassle-free installation - no assembly or skills required. Easily manage, deploy, and secure your meeting room system!

HP Elite Slice for Meeting Rooms G2*
*available also with Intel Unite version

12 minutes are wasted on average per meeting just to set up the call ²⁶

IMPROVE YOUR COLLABORATION AT THE DESK

Beauty, flexibility, and performance are just as important on the desk as they are on the go.

FOLLOW THE CURVE TO BREATHTAKING COLLABORATION

Master every task and take collaboration beyond the everyday with HP's first Skype for Business® certified curved display. Juggle online meetings, presentations, and more in extra-wide QHD. Conference in style with a pop-up webcam and Audio by Bang & Olufsen.

HP EliteDisplay S340c

Pop-up camera

Ultra-slim QHD display, 34" diagonal curved screen

Sign in with your smile!

42% Productivity improvement from users of multiple monitors²⁷

COLLABORATION

FOR THOSE WHO STILL NEED DESKTOPS, THE WORLD IS CHANGING AS WELL!

Designed for first impressions, with a beautiful, flexible design that can go from the front desk to the office to the huddle room as your business grows.

The HP EliteOne 1000 G2 is the first All-in-One with upgradable PC base up to Intel® Core™ i7 vPro processor and display for flexible re-deployment²⁸. Pick the right display to suit your needs, choose from a 23.8", 27" or 34" diagonal curved monitor for a full immersion.

Made for collaboration, this product offers a pop-up full HD camera, mic, speakers and dedicated keys for instant collaboration.

HP EliteOne 1000 G2

VIDEO CONFERENCING ON DEMAND
Launch video conference calls quickly with integrated collaboration keys - saving you time and boosting productivity.

IMMERSIVE AUDIO & VIDEO
Captivating audio and video with Audio by Bang & Olufsen and an optional FHD dual-facing web cam

INTEL® AUTHENTICATE IS A HARDWARE-ENHANCED, MULTI-FACTOR AUTHENTICATION SOLUTION.

It protects the endpoint by hardening security outside of the operating system to reduce the risk of data breaches. Authentication factors, IT security policies, and authentication decisions are all encrypted in the hardware. User credentials managed by Intel® Authenticate are protected in the hardware and are never exposed to the software.

Intel® Authenticate Solution verifies a user's identity for domain and network access login by using any combination of multiple hardened factors at the same time, in an IT customizable manner, including:

- **Protected PIN:** enables the user to create a hardware generated Personal Identification Number (PIN) as an authentication factor, which is protected against software screen scraping or key logging.
- **Bluetooth Proximity** (Android***&iOS****): enables the user their smartphone as an authentication factor.
- **Fingerprinting** (Protected & Soft): Protected Fingerprint is not exposed to the operating system, making it a challenge for attackers to steal the user's finger print data.
- **Facial recognition:** Intel® Authenticate now includes the newly released facial recognition feature.
- **AMT Location**²⁹ (Intel® Core™ vPro™ only devices). This factor utilizes Intel® Active Management Technology (AMT) to determine if the platform is within the corporate domain (also may be known as "geo-fencing" the device).

WHAT IS MULTIFACTOR AUTHENTICATION (MFA)?

Security Strenght Posture

SECURITY
Work safely everywhere

Browse confidently and work safely in the office or on the road knowing you have hardened security features on your HP Elite PC

HP SURE VIEW³⁴

Work confidently wherever work takes you. Protect against visual hacking: at the touch of a button your screen appears unreadable to those around you.

AT THE TOUCH OF A BUTTON YOUR SCREEN APPEARS UNREADABLE TO THOSE AROUND YOU

9 of 10
Number of visual hacking attempts successful³⁵

PRIVACY CAMERA

Ever wonder if someone is watching you through your webcam? Get peace-of-mind with the built-in HP Privacy Camera, that blocks the lens of your PC. Preserve your privacy AND the clean design of your PC.

PHYSICALLY BLOCKS THE LENS OF YOUR WEBCAM TO PROTECT AGAINST MALICIOUS SURVEILLANCE

HP SURE CLICK³⁶

Stay protected from bad websites and viewing PDF: just close the tab, and the malware is gone. Each tab is isolated, preventing malware from spreading to other tabs or on your PCs.

SECURE BROWSING AND CLICK WITH CONFIDENCE

81%
agree that the insecure web browser is the primary attack vector³⁷

63%

Breaches involved weak or default passwords³⁰

SOFTWARE PROTECTION IS NO LONGER SUFFICIENT

▶ BUILT IN, NOT BOLTED ON

HARDWARE ENFORCED: MORE TRUSTWORTHY

Security solutions need to be rooted in the hardware where they are least vulnerable to attacks. Solutions based on hardware serve as a trusted starting point from which to build up your security solutions. HP's Endpoint Security controller enables us to deliver security solutions that are hardware-enforced, self-healing, and manageable.

SELF-HEALING: DETECT, ALERT, RECOVER

What makes your PC resilient? Solutions that detect, alert, and recover automatically from attacks. Even attacks unseen before.

MANAGEABLE: SET SECURITY POLICIES, ENFORCE THEM, MANAGE THEM

To turn secure endpoints into secure organizations, IT needs to enforce their security policies across their PC fleet, at scale. Whenever HP designs for security, we do so with manageability in mind.

▶ THESE HP UNIQUE TECHNOLOGIES SECURE THE FOUNDATION OF YOUR PC

PROTECT WHERE ANTIVIRUS DOESN'T	SECURE THE PROCESSES THAT SECURE YOUR PC	RECOVER QUICKLY AND MINIMIZE DOWNTIME	ONLY SECURITY THAT IS MANAGEABLE IS TRULY SECURE
			
HP SURE START G4³⁸	HP SURE RUN⁴⁰	HP SURE RECOVER⁴²	HP MIK⁴⁴

Attacks at BIOS level enable hackers to own your PC, without you noticing. Protecting BIOS is critical to PC security.

HP Sure Start is the industry's first and still only self-healing BIOS. When an attack at BIOS level occurs, HP Sure start detects it, alerts and recovers a clean version of the BIOS.

Keep your critical processes like antivirus running, even if malware tries to shut them down.

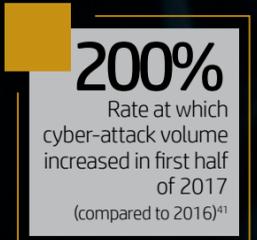

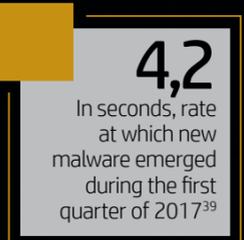

HP Sure Run extends hardware enforced self-healing protection into the operating system to guard against malicious attacks on applications and processes.

Reimaging can be a painful process, costing end users and ITDMs hours of lost productivity.

HP Sure Recover enables users to quickly and securely restore their machines to the latest image using only a network connection, even enabling IT to schedule reimaging for their entire fleet.

Being able to manage PC fleet remotely, simply and automatically is key to keep PC security up. HP Manageability Integration Kit (MIK) is the first and only Microsoft certified plug in for SCCM.

It makes it easy for IT to implement and manage HP's security features across their organization.

HP recommends Windows 10 Pro
